

# VTRONS' LED & DIODE RECTIFIERS

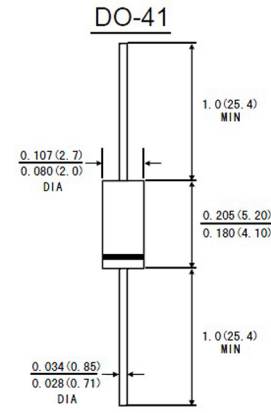

## S1M

S1A, S1B, S1D, S1G, S1J, S1K, S1M

## 1N4007

1N4001, 1N4002, 1N4003, 1N4004, 1N4005, 1N4006, 1N4007

Dimensions in inches and (millimeters)

## M7

M1, M2, M3, M4, M5, M6, M7

## LED Diodes

- 3mm Red Round LED Diodes
- 3mm Yellow Round LED Diodes
- 3mm Blue Round LED Diodes
- 3mm White Round LED Diodes
- 5mm Red Round LED Diodes
- 5mm White Round LED Diodes
- 5mm Yellow Round LED Diodes
- 5mm Blue Round LED Diodes

VTRONS TECHNOLOGY CO., LIMITED

Cermet and Carbon Trimmer Potentiometer Manufacturer

# VTR-A

## VTRONS' TRIMMER POTENTIOMETER

We're a Trimmer Potentiometer manufacturer located in chengdu, china since 1996, experienced and professional in Cermet and Carbon Trimmer production. Well-established in passive components solution with 16 years of industry experience, We're dedicated to reliable and high quality potentiometer solutions with a variety of Potentiometers Including multi turn, single-turn cermet Trimmer Pot, carbon Trimmers, wirewound precision potentiometers. We sincerely thank you not only for your past kind support but also for your future business. We look forward to growing our businesses together!

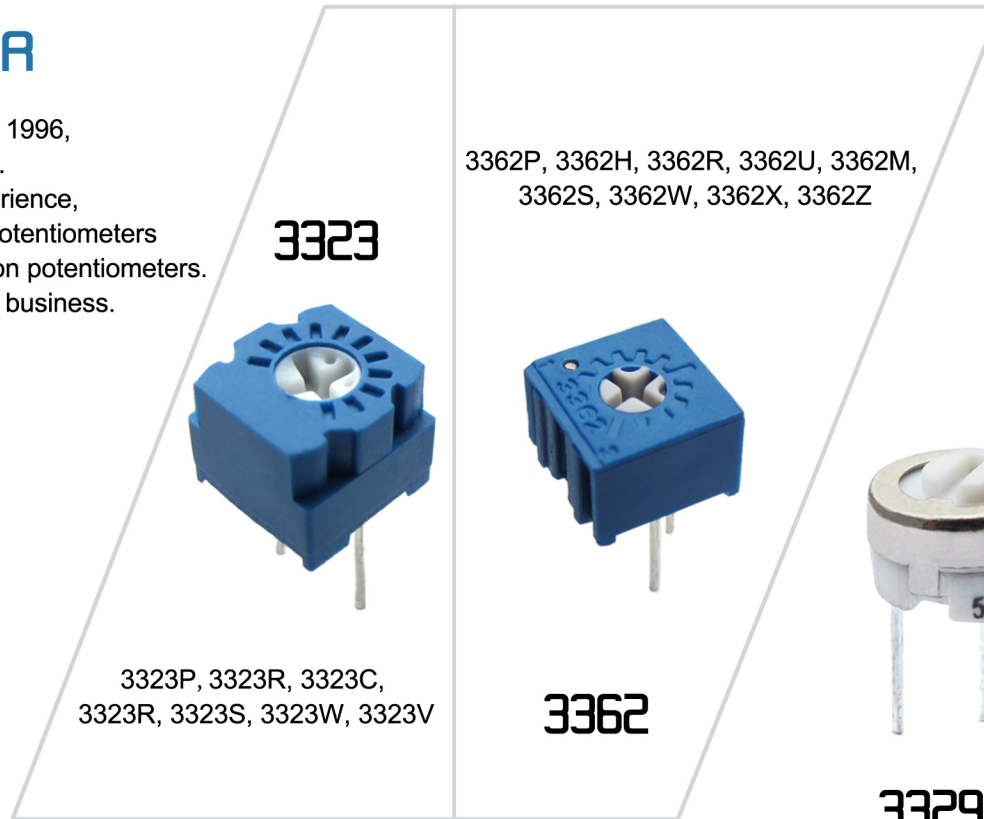

## POTENTIOMETERS

### 3386 KNOB

3386 is available to have a knob for finger adjustment.

KNOB 1: 3386-EY5-T  
KNOB 2: 3386-EY5-L

Trimmer Pot, also known as semi-variable Potentiometers, mainly used in the circuit does not require frequent adjustment, such as color TV switching power supply voltage adjustment Potentiometers. Trimmer Pot are more and more widely used in electronics, such as TV, UPS, LED Lighting, CD Players, Computers, Power Supply, Controller, Sensors, Security, instruments, Receivers, and Wireless...
